Solving Local Problem with Global Solution

WHAT WILL THE PARTICIPANTS GET?

This programme is an eye-opener towards understanding different cultures and lifestyles. Participants will have the opportunity to learn about the history, the ecosystem of undisturbed rainforest in Malaysia, the nature, the cultures and the society of Malaysia.

UNIVERSITI TEKNIKAL MALAYSIA MELAKA (UTeM)

UTeM is established on 1st December 2000 as the 1st Technical Public University in Malaysia. The main campus of UTeM is located in the UNESCO world heritage city of Malacca, set within 766 acres of lush verdant landscape boasting state-of-the-art facilities in all its seven faculties.

As a Focus University, UTeM boasts strengths in technical fields – namely Engineering, IT, and Management Technology and UTeM has cemented a reputation of being a source of high-quality engineering graduates with the capability of meeting the requirements of high-tech industries. UTeM also has research competencies in areas that it has identified as being key to enhancing the University's unique proposition and also contributes to the nation such as Green Technology, Systems Engineering, Human-Technology Interaction, and Emerging Technology.

UTeM GLOBAL OUTREACH PROGRAMME (UGOREACH PROGRAMME) (2 WEEKS)

This UTeM Global Outreach Programme with the theme of Solving Local Problem with Global Solution exposes participants to the essence of Malaysia. Within the two weeks stay in Melaka Malaysia, the participants will get to go through our special technical / entrepreneurship programme, the participants will experience the real Malaysian countryside lifestyle through the Homestay Programme with selected local families and the participants will also get the chance to explore the tropical rain forest at National Park in Pahang.
